

AccuFilm® Arch

OCCLUSAL MARKING PAPER

- Uniform dark ink coating across the entire sheet gives sharp, easily-readable bite-marks on both arches.
- Sized to fit any arch, from pediatric patients to professional wrestlers!
- Red-Blue coating makes bite-mark recognition quick and easy.

S050 New! AccuFilm Arch Paper

Includes: Box of 6 (12 sheets/booklet, 72 sheets ttl.).

AccuFilm IV

- Works on high spots inside crowns and proximal contacts.
- A liquid that provides clear, smudge-free markings on glazed porcelain and polished metal.
- Dries instantly, even in moisture. Clean-up is a breeze using the solvent.

S020 AccuFilm IV

Includes: One bottle brush-on marking liquid and one bottle of solvent.

AccuFilm®

- Super thin for greater precision.
- Won't trigger mandibular reflexes that might skew the bite.
- Consistently produces sharp, easy-to-interpret marks.
- No false markings.
- It stretches, but doesn't break. There's no snap-back to distort the marks.
- Features the highest plastic deformation of all major brands tested.

S053 Red/Black booklets

Includes: Box of 5 (50 sheets/booklet, 250 sheets ttl.).
